

Float

- Spar**

-
- Technical drawing of a vertical mechanical assembly, likely a water level gauge or similar sensor. The drawing includes the following dimensions and features:
- Overall Height:** 3.84
 - Sectional View:** A horizontal line labeled "STILL WATER" with a triangle symbol indicates the water level. The assembly is shown in a sectional view with hatching.
 - Dimensions from Base:**
 - 1.42 (to the start of the main body)
 - 2.14 (to the top of the main body)
 - 0.72 (to the top of the assembly)
 - Horizontal Dimensions:**
 - $\phi 0.10$ (small diameter section)
 - $\phi 0.61$ (main body diameter)
 - $\phi 0.45$ (lower section diameter)
 - $\phi 0.91$ (base diameter)
 - Other Dimensions:**
 - 0.62 (height of the main body section)
 - 0.05 (thickness of the base plate)
